

**FOR IMMEDIATE RELEASE:**

**TUCSON EXECUTES CONTRACT WITH AMERICAN TRAFFIC SOLUTIONS TO OPERATE PHOTO ENFORCEMENT PROGRAM**

Scottsdale, AZ - July 10, 2007 - American Traffic Solutions, Inc. (ATS) announced today that it has executed a contract with the City of Tucson to install and operate the City's photo enforcement safety program which will include eight red light camera systems and one photo radar speed enforcement van. The eight red light cameras will also be enabled to enforce intersection speed violations during yellow and green signal phases.

ATS was unanimously recommended by the City's selection committee. According to Mike Pryor, Traffic Section Commander for the Tucson Police Department "ATS was chosen based on their technology and approach to providing Tucson with the enforcement tools that will ultimately modify driver behavior to reduce preventable crashes and increase safety within our community".

ATS is the largest photo safety enforcement vendor in Arizona, with 6 Arizona cities now under contract, which operate 73 red light and speed enforcement cameras and 12 speed enforcement vans. ATS was selected through competitive procurement processes by Tucson, Phoenix, Mesa, Scottsdale, Avondale and Glendale.

**About American Traffic Solutions, Inc.:**

ATS is a private corporation headquartered in Scottsdale, Arizona and is a leading provider of technology and business solutions that support electronic toll and traffic management programs worldwide. ATS has active contracts for more than 650 installations in over 75 cities in 15 states and major US cities including: Phoenix, Tucson, Philadelphia, New York City, Washington D.C., St. Louis, Seattle, Houston, Mesa, Irving and Arlington, Texas. ATS is also responsible for the supply and support of Canada's largest digital red light camera and speed enforcement program in Calgary, Alberta.
